Correction to: Extracellular Cyclophilin A, Especially Acetylated, Causes Pulmonary Hypertension by Stimulating Endothelial Apoptosis, Redox Stress, and Inflammation

In the article by Xue et al, “Extracellular Cyclophilin A, Especially Acetylated, Causes Pulmonary Hypertension by Stimulating Endothelial Apoptosis, Redox Stress, and Inflammation,” which published online ahead of print April 27, 2017 (doi: 10.1161/ATVBAHA.117.309212), a correction was needed.

Between publishing online ahead of print and final publication in the June 2017 issue, the authors have changed from an Open Access license type of CC-BY-NC-ND to a standard Copyright Transfer Agreement.

The change is reflected in this issue and is available at http://atvb.ahajournals.org/content/37/6/1138.
